

RMD Bulletin

Knowledge is power...

DO NOT REFUSE AB3632 SERVICES!!!

It has come to the attention of the Department that in recent weeks some providers have been refusing referrals for AB3632 clients. This bulletin is to notify both directly operated and non-governmental agency providers that **all AB3632 mental health services must continue without disruption.** This includes assessments, outpatient psychotherapies, and residential placements. This also includes admission of newly identified eligible students, regardless of financial status. Providers must continue to serve AB3632 eligible clients with or without Medi-Cal or Healthy Families until instructed otherwise and continue to enter their claims into the Integrated System (IS) in the same manner, clearly identifying the students and the services under the AB3632 plan.

We're here to help you...

If you have any questions or require further information, contact RMD at (213) 480-3444 or RevenueManagement@dmh.lacounty.gov.
